Atau ke **Money Transaction**

The screenshot shows the 'Money transaction' menu with a red arrow pointing to it. Below it, the 'Deposit' section is active, showing a grid of account types: General Account, FX/CFD, BO, and Copy Trade, each with an available amount of 0.00. A 'Deposit' button is highlighted in green. Below the grid, there is a form with 'Amount' (Deposit Amount) set to USD, a 'Deposit Method' dropdown, and an 'Execute' button. At the bottom, a summary for the General Account shows a balance and available amount of 0.00 USD.

Langkah 3: Pilih **Withdraw**. Isi jumlah yang anda ingin cairkan, lalu klik **Execute**.

The screenshot shows the 'Withdrawal Information' section. A red arrow points to the 'Withdraw' button in the account grid. The 'General Account' is selected, showing an available amount of 30.00. Below the grid, the 'Withdrawal from General Account' form is shown with the amount '30' entered in the input field. A red arrow points to the 'Execute' button, which is circled in red. A note below the form states: '* Withdrawal limitation : 20.00 - 100,000.00 USD'.

Langkah 4: Jika sebelumnya anda melakukan deposit menggunakan Kartu Kredit. Sistem secara otomatis akan memilih *Metode Pencairan* dengan *Kartu Kredit* sebagai prioritas utama. Hingga jumlah total pencairan sama dengan jumlah deposit dengan Kartu Kredit, anda dapat merubah metode pencairan

Untuk diketahui bahwa setiap pencairan melalui Kartu Kredit dikenakan biaya 5 USD/GBP/EUR atau 500 JPY.
